"It's *easy-to-do*."

**Science and Technology working for you!**

A close-up portrait of actress Sarah Michelle Gellar. She has blonde hair and is looking directly at the camera with a slight, enigmatic smile. A thick, white line of milk is smeared across her upper lip, mimicking a mustache. She is wearing a dark, possibly black, blazer over a lace-trimmed garment. The background is a soft, out-of-focus grey.

Revealing outfits and the undead. What else can't most young guys get enough of? Calcium. But there is a mouth-watering solution. Milk. It can help provide the calcium growing bones need to stay strong. A real must. Especially if you plan on sticking your neck out.
